Contemporary Advertising is one of the best selling advertising texts. It is best known for its current examples, the authors ability to pull from real-world experiences, and the clear writing style. In this edition, Arens also addresses the importance of Integrated Marketing Communications (IMC) and how it impacts advertising strategy through many examples of IMC campaigns. This text presents advertising from the creative stand-point and Arens draws from his own industry experience to lend life to the examples.

Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
