

## Spanish Vocabulary Study Cards

Compiled by an experienced teacher and SAT committee member, the new Berlitz Spanish Vocabulary Study Cards help students learn, review, and build confidence for the classroom and standardized testing. Each set contains 1,000 two-color cards for beginner and intermediate level learners. Each card measures 2 x 3.5. Cards feature a Spanish word or phrase and the English translation on the other side. The words have been selected to represent the most common, useful, and frequently tested Spanish words and phrases. Portable and interactive for solo, pair, group study or home schooling, these cards are ideal for students who want to supplement their course material or prepare for general testing, such as the AP, SAT subject, CLEP or state tests.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
