

How to Write Great Dialog: Your Book Needs This (How to For You)

You are writing a novel. The story is spell binding, the characters fascinating, and yet, something is missing--the certain something that draws the reader in. This little book will teach you how to bring your characters to life with dialog and thoughts. Your readers will eavesdrop on the lives, inner lives and thoughts of your heroes, heroines, and villains.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
