

The British Parliament - How the Powers of Parliament and those of the Government are balanced

Essay from the year 1992 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 2,0, University of Dusseldorf Heinrich Heine (Anglistisches Institut), language: English, abstract: This paper is about the British Parliament, which constitutes such a wide range of topics that some selected aspects have to be concentrated on. For that reason the political function of the British Crown will be neglected. The main aim of this essay will be to find out how the powers of Parliament and those of the Government are balanced. It is assumed that the powers of making und passing laws und the control of the executive are indicators of this problem. First of all, the role that Parliament plays in the British Constitution will be defined. In this context it will be important to note that the British Constitution as such does not exist in writing, which raises the question as to whether this fact causes any negative consequences for the democratic process. Moreover, the structure and composition as well as the functions of the two Houses of Parliament will be dealt with. And some characteristic features of the parliamentary system in Britain will be pointed out in order to draw a comparison between the British and the German Parliament. Of course, this comparison will have to focus on the most significant aspects. In the final part the preceding considerations will be summarized and a personal judgement on the two different systems in Britain and Germany will be made.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
