

Wheelocks Latin, 6th Edition Revised

The classic, single-volume introductory Latin textbook, introduced in 1956 and still the bestselling and most highly regarded textbook of its kind. Wheelocks Latin, sixth edition, revised, has all the features that have made it the bestselling single-volume beginning Latin textbook, many of them revised and expanded:

- o 40 chapters with grammatical explanations and readings based on ancient Roman authors
- o Self-tutorial exercises with an answer key for independent study
- o An extensive English-Latin/ Latin-English vocabulary section
- o A rich selection of original Latin readings unlike other textbooks which contain primarily made-up Latin texts
- o Etymological aids

Also includes maps of the Mediterranean, Italy and the Aegean area, as well as numerous photographs illustrating aspects of classical culture, mythology, and historical and literary figures presented in the chapter readings.

- o The leading self-tutorial Latin program. Also great for college and accelerated high school courses.
- o Wheelocks Latin is the top-selling Latin reference in the US.
- o Interest and enrolments in Latin have been steadily rising in the U.S. for the past 20 years. One-half million people are currently enrolled in Latin classes, and at least 10,000 teachers, professors and graduate assistants are teaching the language in America.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4

YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
