

A 10-Step Action Plan for Defining Your Mission: Baby Boomers Retirement Guide (The Retirement Concierge? Guides for Living the Best Life You Can Imagine) (Volume 1)

The Retirement Concierge Here to Help You Every Step of the Way We belong to a generation that wrote its own rules. If we didnt like something, we changed it. No matter what it took, no matter what the cost, we Boomers worked tirelessly to transform the world around us. We will do the same as we transition into the strange new world called retirement. We will abolish that word, along with the expectations and limitations it brings. To us, living joyously to old age is simply a lifestyle shift. Consider it a new way of thinking, living and doing. Once again, we will reinvent ourselves and the world around us. We will redefine what is possible. The Retirement Concierge Book Series walks you through the key challenges and opportunities coming your way, coaching you step-by- step as you create a personalized plan of action for the coming years. We lead you through a simple self-discovery process in six books: Defining Your Mission, Discovering Your Purpose, Embracing Your Spirituality, Managing Your Wealth, Maintaining Your Health and Expanding Your Tribe. You can take it one step at a time or jump right in and commit to the entire process. Its your choice. We guarantee that you will discover things you dont already know about yourself. With that knowledge comes wisdom and newfound ability to make things happen your way and on your own timeline.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
