

## Chianti the Dog

Chianti, the amazing dog from New York, loves to play. In fact, she lives to play. However, it is not until she discovers the water that her life soon changes. But this isn't just any water; it's Lake George in Upstate New York. The water is so clear there that you can see right to the bottom! In this delightful tale, new author Marine DiPaola will take you to Lake George where Chianti goes on a wild adventure of fun, fun, and more fun. Soon, you will find yourself swimming right along with Chianti. You will be taken for rides on a jet ski, a boat, and much more! Children of all ages will enjoy this classic account of the adventures of Chianti. Marine DiPaola lives in the small hamlet of Glasco in Upstate New York. She has been blessed with her husband Angelo of 32 years, and her three children, Mario, Domenico and Angelo. As her children moved on with their lives, she adopted her sons dog Chianti, who this book is about, and her close companions Pinot and Muscat, our cats. Marine's enthusiasm for children's books grew with her children while working in her children's elementary school library. She presently works in the elementary school as a computer assistant. She has realized her calling in life is children. Whether she is working in school, her parish's religious education program, or her party room, children are her focus. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
