

A Day With Wizdom: Discover The Treasure In You

Precious and Princess Malika are members of a group of hurting and bewildered children. They are forced to confront loss, grief, and pain after a devastating earthquake destroys their island home in the Caribbean. The children known as The Classmates will stumble upon an unusual lady during their time of uncertainty; a mystical, memorable, and beloved old Matriarch named Wizdom who has an uncanny smell of cinnamon and mint. Wizdom is a teacher, traveler, entertainer...and much, much more. This brilliant, fun and creative woman arouses a special fascination and encouragement within the children just when they needed it most. Through Wizdom's guidance, the Classmates are astonished as they discover virtues, secrets and learn over 50 life lessons, as they meet mesmerizing characters along the way. Go with Wizdom and The Classmates on this journey that will unleash the treasure in them and maybe you too!

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
