

A Guide to Tracing Your Sligo Ancestors

Sligo is situated in the north of the province of Connaught nestled between Mayo and Leitrim. The population of about 60,000 in 1792 rose to over 180,000 by the mid 1800s when trade was dominated by the flax, wool and linen industries serving the textile trade. The population of Sligo continuously decreased since the Great Famine with a high level of emigration to North America and elsewhere. Sligo families are a mixture of native Gaelic families and of Cromwellian settlers who arrived in the 17th century. Common surnames include Scanlon, (O) Healy, Brennan, Gallagher, (O) Hart, McDermot and Gilmartin. The main gentry families in the county are Cooper, Crofton, Gore, Nicholson, Ormsby, Parke, and Phibbs. This book sets out the records available for Sligo, where they can be accessed, and how they can be used to best effect in tracing Sligo families.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
