

## A History of Otego (Classic Reprint)

Excerpt from A History of Otego This little book is the result of the past four summers work in searching old records, consulting books and articles that bear upon local history and talking with those who, by age or interest, are authorities. An endeavor has been made, by fair search and impartial judgment, to bring together data of local interest, particularly such that exist only in mens memory. It has been impossible, in the time at my disposal, to gather all the facts that may be found recorded. To name all the occupants, or even the first settlers, of every farm would be an unprofitable and probably an impossible task. Moreover, it must not be forgotten that many of the early settlers were very transient. A few explanations of the text may be needed. The terms above and below, or upper and lower, are used to locate places in reference to the center of the village, and do not refer to the river or the creek. The facts about the churches have been taken chiefly from Hurds History of Otsego County. I cannot vouch for the truth of the legends and the stories. It has been necessary, as well as interesting, to gather a great deal of the genealogy of the families of this town. This is at the disposal of any one desiring it. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
