

A House In Bali [Illustrated Edition]

Includes 39 photographs taken by the author during his time in Bali. A young American composer, quite by accident, heard some gramophone records of Balinese gamelan music that were to change his life completely. Such was his fascination that he wanted to hear every gamelan in the countryside. This book is an account of his stay in Bali just before the Pacific War. A House in Bali merits republication because of its sympathetic and often amusing account of the authors involvement in Balinese society. While the authors musical interests take up a considerable part of the narrative, music was itself such an integral part of Balinese life that the reader gets an overall impression of life on the island. Much has been written on the art of Bali and by artists but this is the only narrative by a musician and stands in its own right as a worthwhile period piece.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
