

## A House Without Windows or Doors

Alex Harrison approaches the old abandoned mansion, the windows of which have recently been bricked up, in her neighborhood on Halloween. To her surprise, the house is inhabited by a young man named William. She finds herself attracted to him, and their relationship deepens. However, he is slightly off-putting, and she does not entirely trust him. As William draws her in deeper, other people become entangled in his web of lies. Connor Cartwright, Alex's peer and neighbor, begins to see that William has ulterior motives for Alex and attempts to get her away from William before his plan comes to fruition. However, Connor fails. As William's shadowy past begins to come to life and he begins to unravel, Alex tries and fails to distance herself from him. Through manipulation and deceit, William traps Alex alone with him inside the mansion, where she must fight against him for her life.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
