

A MouseKeeper Christmas: The Beginning

This book introduces a new game of hide and seek to play with your little ones from Thanksgiving until Christmas. It is the start of a new Christmas tradition to help entertain your little ones using these playful and adorable mice. The story is about a six year old first grader who solves Santas toy production problems and saves Christmas. The North Pole elves have pet mice that are supposed to test the toys but they end up destroying way too many. And the Naughty Lists are drying up. How will Santa solve the problem in time to save Christmas? The children are taught how to be MouseKeepers of the North Pole mice during the month before Christmas. This picture book has over 200 pop-ups. A free companion coloring book is available on the Crazy Red Head Publishing site at www.crazyredheadpublishing.com

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
