

A New Universal French Grammar: Being an Accurate System of French Accidence and Syntax, on a Methodical Plan (Classic Reprint)

Excerpt from A New Universal French Grammar: Being an Accurate System of French Accidence and Syntax, on a Methodical Plan It is universally allowed that the only sure, and at the same time the shortest, method to attain the perfection of a language, is to study its principles after the most strict and exact rules of Grammar. Conformably to this truth, generally acknowledged and confirmed by daily experience, I have composed this work on sound principles and exact definitions; and in order to promote as much as possible the learning of this useful tongue, I have made a parallel of the French and English languages, which at the same time will confirm the English Student in the principles of his native tongue, greatly facilitate the understanding of the French rules, and point out the different genius of each language with accuracy and precision. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality.

Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
