

## My Novel Idea

You have this idea for a book. It could be a best seller. But how do you get it down on paper and organized. Yes I know you have it on napkins, the back of the grocery bill and down the side of your to do list. But thats not going to work is it? Now go gather them together and lets make sense of this shall we. Ok,have you got them.? Let get out the stick notes and pens. One idea on each sticky note. Then put them on the Sticky Notes of Ideas pages. Now on to the Act pages. You know, what happens in what order. After that the Chapters pages and fill it in some more. Wow! Looks like you have an outline! You can do this you know. You can take this book with you and write on your Idea for your book everywhere you go. Everything in one place. I know you will love it. I do! There is 40 Chapter pages and 20 Character pages to fill in for your idea.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
