

# A Parents and Teachers Guide to Bilingualism (Bilingual Education & Bilingualism)

At long last, this book provides a readable introduction to questions of practical value. It is for parents and teachers who are bilinguals themselves and also for monolinguals who want to know more; for those with some intuitive understanding of bilingual situations and for those who are starting from the very beginning. The style of the book is to pose questions that people most often ask about raising bilingual children. Straightforward answers follow, written in direct, plain language. The book deals with family questions, educational questions, language issues and particularly focuses on the problems that arise. The answers to the questions will raise awareness of what challenges may be faced as bilingual family life develops and what decisions have to be made.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
