

First Pages: A Poetics of Titles

Titology, a term first coined in 1977 by literary critic Harry Levin, is the field of literary studies that focuses on the significance of a title in establishing the thematic developments of the pages that follow. While the term has been used in the literary community for thirty years, this book presents for the first time a thoroughly developed theoretical discussion on the significance of the title as a foundation for scholarly criticism. Though Maiorino acknowledges that many titles are superficial and indexical, there exists a separate and more complex class of titles that do much more than simply decorate a book's spine. To prove this argument, Maiorino analyzes a wide range of examples from the modern era through high modernism to postmodernism, with writings spanning the globe from Spain and France to Germany and America. By examining works such as *Essais*, *The Waste Land*, *Ulysses*, and *Don Quixote*, *First Pages* proves the power of the title to connect the reader to the thematic, cultural, and literary context of the writing as a whole. Much like a facade to a building, the title page serves as the frontispiece of literature, a sign that offers perspective and demands interpretation.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
