

## A Sanskrit Reader: With Vocabulary and Notes (Classic Reprint)

Excerpt from A Sanskrit Reader: With Vocabulary and Notes So cumbrous or so meagre have been hitherto the appliances for acquiring even a moderate knowledge of Sanskrit, that classical students, when seeking such knowledge as an auxiliary to their special work, have found the labor discouragingly great. These students unquestionably have a legitimate and sufficient reason for undertaking Sanskrit, and I venture to hope that the difficulties of the beginning (see p. Xv) have been so materially lessened that they will now find even a modicum of Sanskrit well worth the trouble of attainment. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
