

Short German Grammar (Classic Reprint)

Excerpt from Short German Grammar
In the preparation of this Grammar it has been my object to make as short a statement of principles as is consistent with perfect plainness. While intending to omit nothing essential, I have endeavored to gain space and make the students work easier by short and clear statement, and by omitting many details which really give little or no assistance in reading German. The ability to read German is, in my opinion, of far more importance than the ability to speak it, though when an extended course in German can be given, attention should of course also be paid to the spoken language. It is believed that this book can be used with advantage by all students who are sufficiently advanced not to be troubled by the common grammatical terms, though it was originally planned only for college students. I have throughout avoided useless technicalities of language. The illustrative examples and also the exercises have been purposely made to contain simple and common words which occur often in ordinary prose. The exercises can of course easily be increased by the teacher, if more are desired. The rules for the order of words are given as occasion arises, and illustrated in the exercises, and a brief summary is given later for convenience of reference. It is hoped that this subject has thus been made easier for the student. About the Publisher

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
