

A Summer Greek Reader

A Summer Greek Reader is the first practical text specifically designed to help students of introductory Greek strengthen their grasp of the essentials over the summer. By spending just twenty minutes a day, students not only maintain what they've learned in their first-year class, but will also build their working vocabulary and gain practice with extended Greek New Testament passages. This volume is perfect for students who want to begin reading complete passages of the Greek New Testament while avoiding the complexities encountered in intermediate and advanced studies. A Summer Greek Reader encourages readers to memorize new words while applying the essentials of Greek to translating larger blocks of the New Testament text. * Passages are selected for their straightforward syntax. * Unfamiliar words are cross-referenced or defined in footnotes eliminating the need for lexical work. * English translations are provided for each passage so students can check their work. Self-contained and easy to use, A Summer Greek Reader is a rewarding means of strengthening the knowledge first-year Greek students have worked so hard to acquire. By eliminating the need to rebuild old foundations and by minimizing the mad dash for a bigger vocabulary during the first weeks of second-year Greek, this book will quickly prove its worth to students and educators alike.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
