

## Get Started in Japanese: A Teach Yourself Guide (TY: Language Guides)

Teach Yourself takes the pain out of picking up the Japanese language. Get Started in Japanese requires no prior experience in the language and gives you the opportunity to study at a reasonable, steady pace. This course makes the process nearly painless--it is written in a friendly and supportive tone, and the structure offers you plenty of opportunities for self-practice. You are in control of your learning experience, so you never feel overwhelmed or rushed. This practical course introduces the new language without inundating you and includes dialogues and exercises, a helpful pronunciation section, manageable lists of practical vocabulary, a glossary of grammar terms, and more.

Features: Lots of instant help with common problems and quick tips for success, based on the authors many years of experience. Tests in the book to keep track of your progress.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
