

## Media, Democracy and European Culture

Media, Democracy and European Culture presents some of the most recent, cutting edge research on Europe, from social, political and cultural perspectives, equally focusing on each dimension of democracy in Europe. The role of the media, communication policy and the question of how the media report on Europe runs as a thread through all contributions. The book is interdisciplinary and international. It brings together researchers from many countries and from humanities, social sciences and law. The articles combine the discussion of central theories and theoretical concepts for the understanding of media, democracy and European culture with empirical data and comparative analytical studies of media culture and democracy across Europe. The book is written by some of the most prominent European Scholars in media, political science, sociology and cultural studies.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
