

The Circle, The Fire & The Phoenix: a dancing warrior's path

This latest book is based upon the work Caroline offers around the world and focuses on the in-depth healing that occurs, when we engage our bodies in movement and connect to our hearts, bringing her own stories to everything she writes about. She includes Soul Retrieval - healing the soul of community, ancestors and the planet. Poetry and prose intermingle with teachings from the heart. Writing from her experience of childhood sexual abuse and the changes she made to overcome it making huge and positive steps since first writing her autobiography. Caroline says The actual writing of my story was cathartic and deeply healing and I know, helped many other women with their own journeys. The contents of this book are woven with thoughts on how we can expand and grow our own metaphoric wings, leaving behind what no longer serves. In a poetic and subtle way, she takes readers on a journey into their own innate wisdom and what may be forgotten over time. It is a re-awakening to their own truth and a reminder of their innocence and soul purpose. Caroline includes her experiences with Shamanic and Indigenous people. Dancing in ceremony gives the book more in depth understanding about trance dance, its origins and how it can help us to heal through the art of repetition.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
