

Analytical Vocabulary of the New Testament (Classic Reprint)

Excerpt from Analytical Vocabulary of the New Testament HE present volume is an enlarged and revised edition of the first New Testament Vocabulary published in the Mand arin dialect. That was published in 1893. Its aim, as stated in the preface, was to furnish the young missionary with a Selection of terms which would enable him as soon as possible to teach and expound the Gospel of Christ. The same aim has been kept in view in the present edition. The scope of the work has, however, been enlarged by adding all the characters and expressions found in the Delegates Version. In the Revised Versions of the easy wen-li, and in the Mandarin New Testament. By this means a vocabulary is provided for missionaries who use the wen-li New Testament, as well as for those who use Mandarin only. The shape of the book too has been altered. Instead of being printed in quarto, its original form, it is now printed in a smaller size. Being thus made portable, it may perhaps be of service as a travelling companion, when its owner may not only need to find a new character or phrase, but to renew his acquaintance with some old ones. The Analytical Method has been retained; perhaps a few words of explanation and justification of its use may not be out of place. Without attempting to discuss the principle according to which at first Chinese characters were written, or how they assumed their present form, one fact is very evident, viz., that a large number of them may be roughly divided into two parts; and that these parts constantly recur in different characters. And a further fact is also apparent, viz., that what is in many cases the smaller part - the Radical - has been added with a view to give a general clue to one or more of the principal meanings of the character in question. The main part of the character - the Primitive or Phonetic - thus bears a slight analogy to the root of a word in English, while the Radical has a

distant resemblance to a prefix or *asu ix*. Hence, if the Primitive is known, the task of learning the character of which it forms a part is greatly simplified. This is evident for a two-fold reason. In the first place, all that is in the preface. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
