

An Introductory Hebrew Grammar With Progressive Exercises in Reading, Writing and Pointing (Classic Reprint)

Excerpt from An Introductory Hebrew Grammar With Progressive Exercises in Reading, Writing and Pointing At the request of the publishers I have undertaken the revision of the late Professor A. B. Davidsons Hebrew Grammar. With some reluctance, I confess; for it is always dangerous to touch the work of another man, especially when that other is a master, and his work, in its original form, has achieved an almost unique popularity, as attested by eighteen successive editions. But two considerations decided me to make the attempt. Firstly, eighteen years of experience in teaching the grammar and dealing with students in their initial struggles with the language, have convinced me that there were not a few perplexities which did not readily resolve themselves to men who had only an average stock of patience and linguistic interest. And secondly, the publishers gave me an absolutely free hand. Of the liberty thus generously accorded, I have made very ample use. With the exception of the vocabularies (which, however, have been slightly extended by the addition of proper names) and of the exercises for translation (which again have been in places considerably modified) little remains of the original Grammar but the order of the sections. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
