Woody Allen Films, language: English, abstract: Woody Allen, born Allen Stewart Konigsberg, is a Jewish artist, who is mostly known as filmmaker - but he carries several faces and puts his work into several fields. Although his movies often seem to deal with the same topics, Allen never concentrates on only one genre, as we worked out during our seminar and the expert sessions. Besides his widely spread image of the intellectual and humorous filmmaker, he put his thoughts into prose and stand-up comedy, too; he wrote articles for magazines like New York Times, Playboy or The New Republic and of course he is known through his roles in his own films. By acting out his own roles he has written, Woody Allen as the private person and the public known Woody Allen, somehow melted together; so, the viewer can find more personal elements in Allen's movies, as he or she may expect. Or better said, he by some means performed himself through the stories of his films. Besides the fact that Allen mostly acted out the role of the protagonist in his movies and barring that the topics of the movies seem to be repetitive, there are other typical elements that continuously appear in his movies, what in this paper - as it already have been in our expert session - will be depicted as allenesque elements. developed his ideas in prose and short stories. With his book Mere Ana

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
