

Analyzing Rhetoric: A Handbook for the Informed Citizen in a New Millennium

Analyzing Rhetoric: A Handbook for the Informed Citizen in a New Millennium provides students with a means of critically analyzing and evaluating rhetoric. The ability to break down a work of rhetoric - whether an essay, a speech, a film, or someone's most recent tweet or Facebook update - into its constituent rhetorical parts is essential for any informed and involved citizen. Analyzing Rhetoric: A Handbook for the Informed Citizen in a New Millennium by Robert C. Rowland: Clearly defines rhetoric, the powerful (and sometimes dangerous) effects of it, explains the impact of rhetorical failure, and more. Explains rhetorical criticism, its history, and demonstrates its importance in all facets of life. Presents examples from a diverse group of figures that include Sarah Palin, Booker T. Washington, John Kerry, Mario Cuomo, Jesse Jackson, Ronald Reagan, and more.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
