

Ancient Greek: A New Approach

Carl Ruck has here attempted (and succeeded, refreshingly) to present Greek as a delight unto itself, communication with genius in his words. Intended for the beginning student, Ancient Greek presents its selections grouped according to theme. Several similar readings are handled at one time, allowing the student to recognize the various modes of expression used by the selected authors (Euripides, Sophocles, Aeschylus, Homer, Plato, etc.) and the relative successes or failures of one mode over another. This recognition comes prior to rule-learning and results in a more thorough understanding of which particular syntax will create a certain effect. Rather than the familiar vocabulary tests, Carl Ruck follows these theme groupings with basic reading comprehension tests, allowing the student to keep the Greek in terms of Greek. Cautioning against the use of traditional translation tests, which would serve only to reinforce the conversion learning process, the author warns the teacher that the student prepared by his method will not have the glib facility with translation exercises which the older method recognizes as the only test of excellence. He will have something far more lasting, more whole, more important: he will have Greek.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
