

# Lectures on the Comparative Grammar of the Semitic Languages (Classic Reprint)

Excerpt from Lectures on the Comparative Grammar of the Semitic Languages  
The Lectures printed in this volume were composed and delivered for the instruction of students in the University of Cambridge, and with special reference to the Examination for the Semitic Languages Tripos. It appears from the Cambridge University Reporter that Professor Wright began a short course of elementary lectures on the Comparative Grammar of Hebrew, Syriac and Arabic in the Easter Term of 1877, and he continued to lecture on the subject at intervals till he was withdrawn from work by his last illness. The manuscript from which this volume is printed represents the form which the Lectures ultimately assumed, after they had passed through repeated and sedulous revision. They were never redelivered without being retouched, and in parts rewritten; and the whole manuscript, except a few pages at the end, was so carefully prepared as to be practically ready to go to press. It was Professor Wright's intention that the lectures should one day be printed, and during his last illness he often spoke of this intention in such a way as to make it clear that he meant to publish them without any substantial modification or addition. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
