

Current (Free Verse Editions)

Poetry. Lisa Fishmans *CURRENT* follows *THE HAPPINESS EXPERIMENT* (Ahsakta Press, 2007) further into an experience of time as theater, weather, myth, insect body, plantlife, transcription, synchrony, and figment. Her poems are pressed into argument and song by means of attention to the moment and to cross-currents of making, of music, over time. *CURRENT* enacts a poetics of the uncanny in very close touch with the actual, creating a field of vibrations in which the possibilities and limitations of vision and art collide and change. Part of what makes Fishmans work so pleasurable to read is the feeling of pure motion in the sounds and images [...], at once angular and wild, precise and hurtling. *Indiana Review*.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
