

Fluent Aphasia (Cambridge Studies in Linguistics)

Fluent aphasia is a language disorder that follows brain damage, severely impairing the patients ability to communicate. Internationally renowned Susan Edwards provides a detailed description of fluent aphasia by drawing on a range of research data and comparing the condition with other types of aphasia as well as with normal language. Extensive examples of aphasic speech are given, and the progress of one fluent aphasic speaker is discussed in detail.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
