

Arabic L2 Interlanguage: Syntactic sequences, agreement and variation

Arabic L2 Interlanguage is a significant and timely addition to the field of Second Language Acquisition, providing valuable insight into the development of interlanguage, the interim language of early beginners, in learners of Arabic. This book: Clearly establishes what interlanguage is and why it should form an important part of foreign language teaching. Presents the reader with a sequence in which six English-speaking learners of Arabic acquire the language. Makes use of the rich morphological and syntactic property of Arabic to offer a new perspective on the field of Second Language Acquisition. Arabic L2 Interlanguage contributes directly towards building a more comprehensive theoretical framework for explaining how L2s are acquired. It will be key text for SLA scholars as well as an important resource for graduate students in Linguistics and Foreign Language Teaching.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
