

Projekt Airbus A380 (German Edition)

Studienarbeit aus dem Jahr 2008 im Fachbereich Informationswissenschaften, Informationsmanagement, Note: 1,3, Hochschule Darmstadt, Sprache: Deutsch, Abstract: Am 15. Oktober 2007 wurde das erste Grossraumflugzeug A380 des europäischen Flugzeugherstellers Airbus an den Kunden, Singapore Airlines ausgeliefert. Im Jahr 2000 hat Airbus, Tochterunternehmen der European Aeronautic Defence and Space Company (EADS), den offiziellen Startschuss zum Projekt Airbus A380 erteilt. Tatsächlich konnte die oben aufgeführte Erstausslieferung an Singapore Airlines nur mit einer zweijährigen Verzögerung realisiert werden. Dadurch entsteht für das Unternehmen Airbus bis 2010 eine Belastung in Höhe von 4,8 Mrd. Euro. Um die Ursachen für diese Verzögerung ausfindig zu machen, und daraus abzuleiten wie man durch den Einsatz von Information Management (IM) dies hätte vermeiden können, wurde die Fallstudie vom Autor wie folgt aufgebaut: Nach der Einleitung wird im Kapitel 2 das Projekt Airbus A380 sowie sein kritischer Verlauf dargestellt. Kapitel 3 geht auf die Besonderheiten des Information Management im Projekt Airbus A380 ein. Im Kapitel 4 wird die Abhängigkeit des Projektes Airbus A380 vom Information Management im Vergleich zu anderen Unternehmen unterschiedlicher Branchen untersucht. Kapitel 5 gibt mögliche Verbesserungen bzw. Lösungsbeispiele an. Das letzte Kapitel 6 rundet die Arbeit mit einem Fazit ab.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality.

Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
