

## Babrius: Edited with Introductory Dissertations, Critical Notes, Commentary, and Lexicon (Classic Reprint)

Excerpt from Babrius: Edited With Introductory Dissertations, Critical Notes, Commentary, and Lexicon The paltry Lampridius,<sup>1</sup> who has left a biography of Alexander, takes unusual care to record that that emperor showed much more favour to the Greek than to the Latin language. The Roman Cassius, a Greek writer of Italian history, held high office under Severus, and Babrius was in good company when he followed the example of Dion, and chose the better approach to the ear of the court. In the dissertation on the diction of Babrius I shall discuss them first of all at length the characteristics of that late literary Babrian dialect which has so confused and perverted our notions of the Greek language. It will there be shown that although certain Latinisms of vocabulary and syntax in the Babrian choliambics may perhaps best be ascribed to the Italian origin of the writer, yet any one familiar with the mixo-barbarism of decaying Greek would readily account for them even in an author of acknowledged Greek parentage and education. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4

Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
