

## Basic Polish: A Grammar and Workbook (Grammar Workbooks)

Basic Polish presents concise explanations of grammar with related exercises, to build confidence in using the modern language. Assuming no previous knowledge of Polish, the book's step-by-step approach guarantees a thorough grounding in the basics of grammar. Each of the forty units introduces particular grammar points. Clear and concise explanations are supported by a wide range of examples and exercises to allow students to practise and consolidate their learning. Later units also reinforce material taught in earlier ones. Key features include: clear, accessible format; many useful language examples; jargon-free explanations of grammar; abundant exercises with a full answer key; notes on the Polish alphabet, pronunciation and stress; Polish-English vocabulary; subject index. This second edition has been revised to include updated examples and explanations. It also offers five new appendices containing a comprehensive summary of grammar functions, guidance on studying an inflected language, and helpful information on question words, the important verbs *być* and *mieć* and perfective and imperfective verb aspects. Written by an experienced language teacher and author, Basic Polish is the ideal introduction to the structures and expressions most widely used in spoken and written Polish. It is suitable for both independent use and classroom study.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tag: experience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
