

Ethel the Backyard Dog

Ethel is a very lonely dog. She lives in the backyard and wishes her family would pet and play with her. When a nice lady moves in next door, Ethel jumps the fence to make a new friend and has an adventure that finally brings her the love she wants. Children are sure to fall in love with Ethel, whose fate is common to large dogs that are brought home as small puppies. They grow and grow, and soon spend most of their time in the backyard...alone. Ethel gets a second chance and her journey is one that will capture young hearts! The illustrations are pen and ink with spot color that can be added to with crayon or color pencil for a full color spectrum.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
