

Contemporary English, Book 4: Student Text, 2nd Edition

Contemporary English second edition has refined the content and skills adult ESL students need to know to survive and thrive living in the United States. The emphasis on grammar, vocabulary, graphic literacy, critical thinking skills, life skills, and workplace skills has all been retained and presented in meaningful contexts through topics of high interest to adult students. Lessons are self-contained, remaining appropriate for both standard and open enrollment situations. Student Book Features Student Book interiors are now in 4-color with more real-life photographs. New vocabulary is introduced twice in each student unit along with practice exercises. It is then recycled throughout the series for maximum exposure. Specific workbook practice, plus one activity master per unit in the Teachers Edition extends this exposure. Grammar structures are presented then recycled twice throughout the series - first in an informal review and second in a formal review - to enable students to revisit and expand upon their grammar acquisition. The 2nd edition provides for a more logical progression of grammar scope and sequence. Organizing Your Ideas (Books 1 and 2 only) teaches students how to think graphically using organizers like idea maps, Venn Diagrams, and T-charts. Graphic Literacy Activities (Books 3 and 4 only) familiarize students with bar graphs, tables, and charts to help them understand what they read on the job or in the newspapers. Community involvement focus - one page per unit, tied in specifically with the unit topic - helps students become more participatory in their jobs, communities, and families. Notes in the Annotated Teacher;s Editions also provide more ideas for student participation. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
