

On Course Spanish (Spanish Edition)

On Course Spanish combines a lively approach with a more academic outlook, and seeks to implement some of the latest findings in pedagogical research. The books will be specifically created with the needs of IWLP students in mind, and the contents will be designed in an accessible and colourful style. It allows for a highly structured approach, to fit into a 24 week academic year. Each unit consists of revision material, vocabulary, grammar boxes. The course will introduce language-learning and transferable skills, such as dictionary work, reading strategies, word composition, giving mini-presentations etc. The course components are a student book plus audio material and a support book which are available on www.hodderplus.com/languages.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
