

Heines Poems: Selected and Edited With Introduction and Notes (Classic Reprint)

Excerpt from Heines Poems: Selected and Edited With Introduction and Notes This edition offers an authoritative text of one hundred and sixty-three of the best representative lyrical poems of Germany's most popular song-writer after Goethe, chosen with a view of preserving as far as possible the evident intent of Heine's own arrangement in the *Witz der Lieder*, *Neue Gedichte*, and the *Romanzero*. Numerous selections are also given of poems which Heine excluded from the collections named. The selections given are sufficiently numerous to illustrate every phase of the poet's versatility, with the exception of what might be termed the ultra-Heinesque, the omission of which in no wise detracts from the value of the book. Heine has been called the most witty man of the nineteenth century, perhaps of modern times, and it is this reputation which attracts the greater number of his readers; but there is another Heine, the serious poet who, in revealing the sufferings of his own heart with naivest candor, appeals to us as the most intensely modern of song-writers. It is this Heine who is presented through the medium of this volume. Since Heine was one of the most intensely subjective lyric poets, his writings can best be appreciated when accompanied by a study of the causes and occasions of their production, which is based on a knowledge of the main facts of Heine's life. To this end a short biography introduces the poet as a *sine qua non* for the proper study of his poetry. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
