

Blood on Snow (Tales from the Dark Side)

In a fast-moving plot, 14-year-old Will terrifyingly experiences a voice from the past when visiting the Norman remains of Totnes Castle in Devon. He comes to realise that a boy took revenge on the Normans for the murder of his father and was himself killed in 1067 when local Saxons were brutally enslaved to build the Castle. But the boy's spirit cannot rest until the knife he used is returned to the River Dart to complete Saxon tradition. Will breaks into the castle at night to dig up the knife, but then the nightmare begins as he relives his Saxon forebears' horrific ordeal. A gripping story with sympathetic characters. Part of a unique range of books aimed at 11+ that through integration of text and illustration are also accessible to those with reading abilities of as young as 8. Produced in consultation with literacy consultant Wendy Cooling,

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
