

Book B- Read, Reflect, Respond

Read Reflect Respond series. This series is especially designed to quickly improve your students ability to understand and retain what they read. The A to D organization of the worktexts provides progressively challenging activities ranging from simple recall to evaluations requiring higher-order thinking skills. Skills presented are cumulatively reinforced; each worktext reintroduces and builds on skills taught earlier. Equally appropriate as a refresher course for on-level students or as a primary instruction for struggling students.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
