

## A Grammar of the German Language for High Schools and Colleges (Classic Reprint)

German. Advance has certainly been made in the study of Phonology, of Accent, of Phonetics, and even in Syntax. This advance is largely due to improved methods of investigation. Our views of language in general have changed, certainly our views of the living language, the study of which it would seem, is gradually being looked upon as a science and as worthy of serious pursuit. From the works of Osthoff, Sievers, Paul, Eluge, Braune, and Sweet I have appropriated most of the new results and methods, which are accepted and popularized only too slowly. I have added a list of the books which have been of special help to me and which I consider absolutely necessary for a thorough study of German. Perhaps I should also have mentioned for Syntax: The fourth volume of Grimm's large grammar; Vemke's deutsche Syntax and the Syntax in Lass8 and Krause's grammars. Because the grammar contains no exercises, and because the illustrative sentences taken from the classics are not, as a rule, translated, it should not be inferred that it is intended only for advanced students of German. (Typographical errors above are due to OCR software and do not occur in the book.) Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4

Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
