

## German Lesson Grammar: A German Grammar in Progressive Lessons (Classic Reprint)

Excerpt from German Lesson Grammar: A German Grammar in Progressive Lessons

The only possible apology for a new German Grammar, at this day, is the attempt to present in simpler, clearer, easier form - that is, for learning and teaching - the essential and commonplace facts and principles of the language. This, then, is the cause and the aim of the present book. In method, the effort has been made to combine rapid progress with (relatively) systematic development. For this purpose the scheme - in part found in the Joynes-Meissner German Grammar - is here more fully employed; that is, the successive Parts of Speech, and the Verb, are developed *pari passu* in each lesson; so that the student is early in possession of the materials for intelligent reading. Thus, it is hoped, a middle path is opened between the lesson book on the one hand and the rigidly systematic grammar on the other. The success of this effort, in the present case, must of course be tested by experience. The question, what is essential - or how much a grammar for learners should contain - is one on which general agreement is perhaps impossible. So much, however, in the opinion of this writer, that one book should suffice for the usual course of study; for every change of text or method - even from a poorer to a better - involves, confusion and loss. On the other hand, it is unreasonable to demand that a grammar for school or college should include every detail. Indeed, from long experience, the writer ventures the opinion that often too much stress is laid on mere grammar study, to the exclusion of better methods. Ease and rapidity of progress, and the early mastery of intelligent reading, are more important than any formal system. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
