

A Canadian Manual on the Procedure at Meetings of Shareholders and Directors of Companies, Conventions, Societies and Public Assemblies Generally: An ... of the Authors Larger Work (Classic Reprint)

Excerpt from A Canadian Manual on the Procedure at Meetings of Shareholders and Directors of Companies, Conventions, Societies and Public Assemblies Generally: An Abridgment of the Authors Larger Work The author has found it expedient to issue this abridgment of his larger Manual on the Procedure of Public Bodies in general, in order to satisfy the demand that appears to exist for the issue of a compact and short treatise for common use at the lowest possible price. This volume contains all those material parts of the large book, in which are laid down the well recognized rules and principles that are generally applicable to the orderly conduct of Assemblies. The author has endeavored to make his explanations on all points as succinct and clear as possible; and he would like to believe that all those who study these pages conscientiously and industriously will be able to understand without difficulty the proper methods of business and debate that should obtain in deliberative and legislative bodies. Those who wish to pursue the subject at greater length, and apply the principles laid down in the following pages to Synods, Conferences, Municipal Councils and Legislative Assemblies may extend their confidence in the writer still further and consult the more elaborate works, to whose preparation he devoted some years of his life. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
