

## Bright Sparks: Too Noisy

Bright Sparks Literacy Project is a set of reading materials that provide staged opportunities for the progressive acquisition of literacy skills in the early years of schooling. Each title draws on a broad base of literacy skills, yet focuses on one or two skills, enabling teachers to appropriately select texts according to students perceived need. Readers are exposed to a range of appropriate text types and language structures. Texts and activities have been developed around common themes explored in contemporary classrooms, allowing teachers to capitalise on the use of context when reading and writing.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
