

BUNDLE: Warren: Communication 2e + GoReact

John T. Warren, *Communication: A Critical/Cultural Introduction* Second Edition This exciting text for the hybrid course introduces communication theory, interpersonal communication, and public communication and culture through the lens of contemporary critical theory. The book focuses on public advocacy as a more meaningful way to approach public speaking through coverage of topics and issues that students are most passionate about. By situating communication concepts and theories within contemporary and engaging cultural scenes, the book is much more than a survey of ideas it demonstrates the power of communication in our everyday lives. GoReact GoREACT is an easy, interactive web video tool for recording, video sharing, and evaluating within a secure online platform. No more downloads, jump drives, or juggling with video files; now students can record with a webcam or mobile device and access presentations instantly. Post ratings, time-stamped comments, video responses and overall feedback to maximize learning and effectiveness. Give your students the tool to improve their presentations. Don't just record GoREACT! Please contact your Sales Representative for more information.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
