

God Gave Us Christmas (God Gave Us...)

As Little Cub and her family prepare to celebrate the most special day of the year, the curious young polar bear begins to wonder Who invented Christmas? Mamas answer only leads to more questions like Is God more important than Santa? So she and Little Cub head off on a polar expedition to find God and to see how he gave them Christmas. Along the way, they find signs that God is at work all around them. Through Mamas gentle guidance, Little Cub learns about the very first Christmas and discovers that Jesus is the best present of all. This enchanting tale provides the perfect opportunity to help young children celebrate the true meaning of Christmas and to discover how very much God loves them. From the Hardcover edition.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
