

The Unknown Leader: Discover the Leader in You

Our world has many obvious leaders: captains of industry, high-achieving academics, CEOs, statesmen, champion athletes. But we also depend on leaders whose work is usually not so visible. They are all around us, filling crucial roles at every level of society, in all kinds of organizations and in our communities, enriching the lives of those around them and making the world a better place. The Unknown Leader celebrates these leaders among us and invites you to join them. Hussein A. Al-Banawi shares the inspiring stories of some of today's Unknown Leaders and shows how they discovered their hidden talents through hard work, reflection and continual learning. He also recounts his own lifelong journey toward leadership and the invaluable lessons he gained from unusual friendships, daunting challenges, tough decisions, victories and defeats. And Al-Banawi explains the six crucial qualities every aspiring leader must develop, with specific advice about how to enhance these qualities in yourself. Whether you are a student, a mid-career professional, an entrepreneur, or anyone seeking a richer and fulfilling life, The Unknown Leader will be a powerful guide and companion in your own lifelong journey.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
