

An Introduction to the Grammar of the Sanskrit Language: For the Use of Early Students (Classic Reprint)

Excerpt from An Introduction to the Grammar of the Sanskrit Language: For the Use of Early Students

THE design of the present Grammar of the Sanskrit Language has been suggested by the experience which I have now had in teaching the language, and by the want which I have repeatedly felt of some such elementary work as that which I have here attempted to compile. Of the Sanskrit Grammars published in Calcutta, the works of Mr. Colebrooke, Dr. Carey, and Mr. Forster are too voluminous and difficult for beginners. The Grammar of Mr. Yates is better adapted to such a class of students, but it is not readily procurable in this country. The Grammar of Professor Bopp, being composed in German and in Latin, is not universally acceptable to English students: and the only Grammar within their reach, therefore, has been that of Sir C. Wilkins. This work, however admirable in many respects, is exceptionable in some parts of its arrangement, and is inconvenient in use from its extent; it is also growing scarce. A new Grammar, therefore, on a somewhat different plan, had become necessary; and as I found no one disposed to engage in its preparation, I have thought it incumbent upon me to undertake the task. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
