

The Night They Nicked Saint Nick

Its Christmas Eve morning and Derek Brundle has noticed a thick tuft of grey hair above his right ear. Suddenly, a soldier elf, Munkle, appears at his window and tells him that Father Christmas has been kidnapped. Furthermore, over the next 24 hours, Derek will transform into the new Santa Claus fuzzy beard, jelly belly and long silver hair. Problem is hes only seven! The Night They Nicked Saint Nick is a fantoobulous adventure with edible steam trains, flying ice cream vans, deadly robot toys and trolls with seven ankles. Have a yuletide treat and join Derek and Munkle on an action packed, fun-filled mission to rescue Santa Claus and save Christmas.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
